Total number of eggs on hand and produced		24 doz.
Number eggs sold during the month		<u>24 doz.</u>
Total number eggs on hand July 1, 1944		None

Cattle:

** Number of cattle on hand as of June 1, 1944	778	
Number of cattle purchased during month	<u>None</u>	
Total cattle on hand and purchased during month.		778
Number Cattle died during month		<u>None</u>
Total number of cattle on hand July 1, 1944		778

Due to the drought, the cattle are being grazed on practically open range. Approximately 200 rods of fencing was built and repaired during the month. Forty-seven sore-footed cattle were treated.

Remarks:

* The death of so many baby chicks during the month is attributed to diarrhea and coccidiosis.

** The range and feeding platforms for approximately 700 hogs is still under construction. As soon as completed, hogs will be purchased.
